

Introducing CubeGuard, the cubicle and office message barrier that lets you share your status with co-workers and improves productivity by warding off unwanted interruptions.

Improve employee productivity

- Increase corporate productivity by over 10% and attain ROI's of over 40,000%! Visit cubeguard.com/roi to calculate your own ROI using our productivity savings calculator.

Promote your company

- Unique, useful & highly visible.
- Great for new product launches—custom printed with hero product shots and key marketing messages.

Promote internal programs and projects

- Internal corporate giveaway to promote corporate values or teams working on a specific programs, projects or products.

CubeGuard® is a retractable message barrier that mounts across cubicle or office doorways and provides a clear, visible message to on-site coworkers.

CubeGuard installs in seconds using magnets or hook and loop tape. Once installed, users simply pull a “Please Do Not Disturb” banner to the opposite side of their entryway to prevent interruptions.

Simply swap out the interchangeable message cartridge if you’re out of the office, out to lunch or working from home—CubeGuard lets people know where you are.

Key Features & Benefits

- Installs in seconds in most office cubicles or entryways—fits entryways up to 50” wide
- Designed for professional office environments
- Banner made of heavy duty 100% polyester fabric
- Printed using professional photo-quality printer
- Comes in a variety of standard designs or fully custom

What’s Included

- 1 interchangeable banner cartridge
- 1 post mount
- 2 mount plates with magnets and self-adhesive hook & loop tape
